Rufus Lyler Esqr. Coinr,

Sir, As the operations of this Institution are about being suspended till the first of November I have to request that you re-engage as many of the workmen in your department to resume their work at that time as you think proper; and that you employ in the interim such others as will be requisite to fill the places of those who have left. You are authorised to allow such as re-engage, half pay from the first day of August next to the first day of November next: And such as you may employ, you may agree shall have full pay from the date of their employment and their passages paid.

I have further to request that you leave two men to keep the machinery in complete order till the first of November next.
